

How do I interrupt strongly?

- **Please listen to me**
Please listen to me. This is very important.
- **Do you mind if I jump in here?**
Do you mind if I jump in here? I need to run some errands.
- **I don't mean to intrude, but**
I don't mean to intrude, but what you need to face the problem.
- **Can I add something?**
Can I add something? Diamond Star Corp agreed to be our partner.
- **What are you trying to say?**
What are you trying to say? I pretty sure it's not me.

How do I interrupt very strongly?

- **What are you getting at?**
What are you getting at? It seems to me that you have bitterness over our leader.
- **Will you let me speak?**
Will you let me speak? You have your chance before.
- **Will you let me give an opinion?**
Will you let me give an opinion? I have also something to say.
- **Will you shut up for a minute, please?**
Will you shut up for a minute, please? We are all tired.
- **Can't you be quiet?**
Can't you be quiet for a minute? You're breaking my concentration.

How do avoid interruption?

- **Perhaps we could leave that for later on?**
Perhaps we could leave that point for some other time?
- **Will you let me finish?**
Will you let me finish? You will have your turn later.
- **I'd rather go on with**
I'd rather go on with the original plan since we are running out of time.
- **Would you be so kind as to let me finish?**
Would you be so kind as to let me finish? That would really help.
- **Would you mind not interrupting?**
Would you mind not interrupting every single time?
